# Who is eligible for benefits?

You are eligible for Sunrise's benefit plans the first of the month following or coinciding with 60 days of employment with Sunrise as long as you work a minimum of 30 hours per week. Eligible dependents include your legal spouse and your dependent child(ren) to age 26.

Please speak with Human Resources or a Benefit Coach during open enrollment if you have questions.

## Choose your benefits carefully

- Change in status such as marriage, birth, adoption, death, divorce, or employment changes
- Dependent employer's open enrollment
- HIPAA special enrollment rights
- FMLA special requirements
- Changes due to a judgment, decree, or court order
- Entitlement to Medicare or Medicaid

You must notify the Sunrise Human Resources within 30 days of any qualifying event that will affect your benefit elections. If you do not, your benefit change must wait until the next open enrollment period.

# Short Term Disability (STD)

Lincoln Financial Group

If you are sick or hurt off the job and are unable to work, short-term disability (STD) can replace a portion of your income while you recover. STD insurance is a voluntary plan that you may purchase on your own. You will need to satisfy a waiting period before STD pays benefits. The plan pays 60% of gross income up to a maximum of \$1,500 per week.

For cost information log on or speak with a Benefit Coach when you enroll.

# Accident Insurance

Lincoln Financial Group

In the U.S. there are approximately 40 million trips to the emergency room annually due to injuries.<sup>1</sup> These visits can be expensive and even seemingly small injuries can come with unexpectedly high hospital bills. You may be thinking — that’s why I have medical insurance. But even the best medical plans may leave you with unexpected expenses like deductibles, copays, extra costs for out-of-network care and non-covered services.

This plan provides a lump- sum payment for covered events, such as:

- Fractures
- Concussions
- Dislocations
- Lacerations
- Burns
- Eye injuries
- Skin grafts
- Coma
- Torn knee cartilage
- Ruptured disc
- And more

This plan provides protection for covered events experienced while off-the-job only. You’ll receive a lump-sum payment when you have these covered medical services/treatments:<sup>3</sup>

- Ambulance
- Emergency care
- Surgery
- Transportation
- Home modifications

And best of all, the payment is made directly to you, and is in addition to any other insurance you may have. It’s yours to spend however you like, including for your or your family’s everyday living expenses. Multiple benefits can be paid for multiple injuries from the same covered accident. Whatever you need while recovering from an accident or injury, accident insurance is there to make life a little easier.

Employee + Family	\$16.14

# Hospital Indemnity Insurance

## Lincoln Financial Group

Studies show that you can spend on average \$10,000 for a hospital stay in the U.S.<sup>1</sup> That is a good reason why having hospital indemnity insurance makes financial sense. Unexpected hospital bills are difficult to manage when you lose your income, or it becomes seriously reduced. Household expenses like your mortgage, car payment, childcare, or household maintenance may become even harder to keep up with while you focus on recovering.

Hospital indemnity insurance can help safeguard your finances by providing you with a lump-sum payment — one convenient payment all at once — when you or your family need it most. The extra cash can help you focus on getting back on track — without worrying about finding the money to cover the costs of treatment. This plan provides benefits for hospitalization due to accidents and sicknesses,<sup>2</sup> like admission to a hospital or hospital stays.

And best of all, the payment is made directly to you, in addition to any other insurance you may have. It's yours to spend however you like. You might use it to help pay for medical plan deductibles and copays, for out-of-network care, or even for your family's everyday living expenses. Whatever you need while recovering from a hospital stay, hospital indemnity insurance is there to make life a little easier.

Core Hospital Benefits	Low Plan	High Plan
<b>Hospital admission</b> For the initial day of admission to a hospital for treatment of a sickness/an injury	\$1,500 per day for 1 day per calendar year	\$3,500 per day for 1 day per calendar year
<b>Hospital confinement</b> For each day of confinement in a hospital as a result of a sickness/an injury	\$100 per day for 15 days starting on 2nd day of confinement	\$100 per day for 15 days starting on 2nd day of confinement
<b>Hospital ICU confinement</b> For each full or partial day of confinement in an ICU as a result of a sickness/an injury	\$200 per day for 15 days starting the 2nd day of confinement	\$400 per day for 15 days starting the 2nd day of confinement
<b>Complications of pregnancy</b>	Included	Included

- If admitted to a hospital or ICU within 90 days after being discharged from a preceding stay for the same or related cause, the subsequent admission will be considered part of the first admission.
- If both hospital and ICU admission or hospital and ICU confinement become payable for the same day, only the larger of the two benefits will be paid. If the amount of the benefits is the same, only one will be paid.

Hospital Indemnity Insurance	Employee Biweekly Deductions	
	Low Plan	High Plan
Employee Only	\$8.46	\$16.65
Employee + Child(ren)	\$13.08	\$25.59

2. Hospital does not include certain facilities such as nursing homes, convalescent care or extended care facilities. See your Disclosure Statement or Outline of Coverage/Disclosure Document for full details.

Some states require the insured to have medical coverage. Additional restrictions apply to dependents serving in the armed forces or living overseas.

# Critical Illness Insurance

Lincoln Financial Group

Studies show that some families spend as much as \$14,444 or more during a time of critical illness and recovery.<sup>1</sup> Most families don't have that kind of money in reserve. Quality health and disability income insurance plans aren't always enough. Critical illness insurance provides a lump-sum payment if you or a covered family member is diagnosed with a covered critical illness:

- Heart – heart attack, heart transplant, stroke and more
- Cancer – invasive cancer, cancer in situ, benign brain tumor, bone marrow transplant
- Organ – end stage renal failure, major organ transplant and more
- Quality of life – ALS/Lou Gehrig's Disease, advanced Alzheimer's disease, advanced Parkinson's disease, advanced MS, loss of sight, hearing, or speech

Payments will be made directly to you, not to the doctors, hospitals, or other health care providers. Spend it as you see fit, even to cover ongoing household bills like groceries, childcare, mortgage and car payments, or any other way you want. The choice is yours.

Premiums are based on your age and your tobacco status. Dependent coverage (25% of the employee's benefit amount) is included at no additional cost. Log on or speak with a Benefit Coach for your specific cost.

# Flexible Spending Accounts (FSAs)

## Maestro Health

### Health FSA

The Healthcare FSA allows you to set aside pre-tax payroll deductions each paycheck to pay for out-of-pocket health, dental and vision expenses for you and your family. Eligible expenses include health plan copays, prescription copays, and balances owed by the employee after the health, dental or vision plans have paid their portion. **If you wish to participate in the Health FSA benefit, you must re-enroll every year.**

### Sunrise Health FSA contributions

Sunrise chooses to continue to assist employees with healthcare expenses by matching employee's contributions up to \$500. Any full-time eligible employee can participate; however, only those enrolled in a Sunrise Community group health insurance plan will be eligible to receive the company matching contribution.

For example, when you choose to fund a Health FSA with \$240 or more, Sunrise will match your health FSA contribution dollar for dollar up to \$500. If you put in \$360, Sunrise will match the \$360 giving you a total fund of \$720 and so on, up to a match of \$500. Sunrise's contribution to your Health FSA does not count as part of the cap of \$2,850 FSA.

### Dependent Care FSA

With an IRS dependent care Flexible Spending Account (FSA), you can set aside part of your pay on a pre-tax basis. This account allows you to pay for eligible childcare expenses for your qualifying dependents while you (and your spouse) are working, seeking employment, and/or attending school as a full-time student (for at least five months of the year). Eligible dependents must be claimed as an exemption on your tax return. **If you wish to participate in the Dependent Care FSA benefit, you must re-enroll every year.**

Flexible Spending Account (FSA)	Maximum Annual Contribution (4/1/2022 – 3/31/2023)	List of Eligible Expenses
Health FSA	\$2,850	<a href="https://www.irs.gov/pub/irs-pdf/p502.pdf">https://www.irs.gov/pub/irs-pdf/p502.pdf</a>
Dependent care FSA	\$5,000 (\$2,500 if married & filing a separate tax return)	<a href="https://www.irs.gov/pub/irs-pdf/p503.pdf">https://www.irs.gov/pub/irs-pdf/p503.pdf</a>

During open enrollment you will estimate the amount you think you will need for the Health and Dependent Care FSAs during the year. This total amount will be divided evenly and taken out of your biweekly paychecks. Our plan year is April 1, 2022 through March 31, 2023. Your contribution to the FSA account(s) cannot exceed the amounts shown above for the plan year beginning April 1, 2022 to March 31, 2023. **Please plan your FSA contributions carefully because any money remaining in your account will be forfeited. This is known as the "use it or lose it" rule as stated in IRS regulations.**

Tax-savings example	Without FSA	With FSA

*"Through our investment in you, we grow together!"*

Sunrise has partnered with Goodly to offer a student loan repayment benefit. Sunrise makes contributions directly to your student loan as a secondary payment to help you pay off your student debt faster. Goodly helps the average borrower pay off their student loans years faster.

The Student Loan Repayment Program from Sunrise:

- You will receive a tax-free monthly contribution of \$100 that will be made directly to your loan servicer.
- You should continue making your regular payments to your servicer.
- Employer contributions are made as a secondary payment to the principal of your loan, allowing you to get out of debt sooner and save on interest over the lifetime of your loan.

To set up your Goodly account, you will need the most recent statement from your student loan servicer, which must include:

# Retirement Plan

AIG

Your employer's tax-qualified retirement plan is an excellent way to help accumulate money for your future. Income from this plan, when combined with other sources of retirement income such as Social Security, pension benefits and personal savings, can help provide you with what you'll need during retirement.

Whether you're 25 or 55, retirement is closer than you think. That's why you should start planning, saving and investing, and start now. Call your financial advisor today.

- Convenient, automatic contributions by salary reduction
- Pre-tax contributions, which reduce current income taxes
- Employer matching contribution
- Employer discretionary contribution
- No initial sales charge
- Tax deferral of earnings and interest

Income taxes are payable upon withdrawal. Federal restrictions and a 10% federal early withdrawal penalty may apply if taken before age 59 1/2.

There are many benefits to your Plan, including:

- Contributions invested as you choose among available investment options
- Multiple payout options at retirement

Participation in the Plan is open to all employees. Through payroll deduction, your Plan allows you to make pre-tax contributions up to the maximum allowed by the Internal Revenue Code. An internal Revenue Service (IRS) dollar limit also applies. The dollar limit is \$20,500 for 2022.

The Plan also provides for Sunrise to make contributions.

- Sunrise will also make matching contributions equal to 25% of your pre-tax contributions up to 10% of eligible compensation. The match benefits all eligible employees.
- Sunrise has the discretion to vary the matching contributions.

Vesting refers to your "ownership" of a benefit from the Plan. You are always 100% vested in employee contributions, and rollover contributions, plus any earnings they generate. Employer contributions to the Plan plus any earnings they generate are vested as follows:

<b>Employer Matching Contributions</b>	
<b>Years of Vesting Service</b>	<b>Vesting Percentage</b>
